Performance

All audience
Duration : 60 min
Capacity : 500 personnes
Unplug performance

The travelling musical performance « Les Impairs » is divided into 3 static scenes and 3 moving scenes

We need 3 different places, that why we will chose these with **Gaëtan Veber** and the organisation.

In case we play next to a road, please close the traffic to guaranty the safety of the audience, the technical and artistic team. Please make shure all authorisations will start 3 hours before the performance.

The schedule and venues have to be clearly mention on all organisation promotions. We will send all promotion material (text, photos). Please remain faithful to the provided documents.

Performance schedule

1st part : 20 to 25min

Moving scene : improvisation and first contact with the audience.

1ststatic scene happens in a large place with a wall at the back (ex : in front of a church, theatre, city hall.....)

2nd part : 15 to 20 min

Moving scene : reinterpretation of the city, use urban furniture.

2ndstatic scene needs some time to be set up.

3rd part : 15 to 20 min

Moving scene will use street elements.

The 3rd static scene needs a wall at the back of the stage in order to glue posters.

We guarantee to clean the wall after the performance.

We bring our own accessories in a electricbox

Distances for moving scenes must be close enough from static places. We will decide this together.

After the performance we need 20 or 25 min to pack and leave the scenic places.

Schedule :

We need to check to the place the day before the performance.

Your technical engineer have to stay during an hour.

We need 3 hours before the performance to prepare our selves in a air conditioned dressing-room.

We need to have an access to the places before we play to set up.

In case of rain, the compagny can cancel the show.

Technics

Stage :

minimal size 10 m x 10 m

a wall at the back of the stage is requested for the 3 static scenes

we need silence around the stage while we play (trafic, sound system, fun fair, batucada...)

We want any host presenter or Mr Loyal during our performance.

Material for the performance

We will provide :

- a bin x1
- ladders x 3 (4 meters long)
